

## Establishment of the P.A.Z.NIA Secret Space Program

A Document by the Coordinator of P.A.Z.NIA in Association with the local Committee of Safety on September 26<sup>th</sup>, 2020

P.A.Z.NIA Space Directive-3 of September 26, 2020

### **Section 1.** *Introduction.*

Following the establishment of the P.A.Z.NIA Secret Seasteading Program, the next logical step is to set our eyes and intentions to the stars. The ancients didn't intricately study and construct their societies/worlds to be in alignment with the heavens for no reason; the Skyclock is an immutable ledger of humanity's past here on Earth, and everything is integrated, meaning the energies of the planets and universe can be harnessed and even exalted. We live in an electrical universe of abundance, and the main task of the P.A.Z.NIA S.S.P is to enable Veritas and the over-arching Second Realm to thrive in accordance with these truths.

### **Section 2.** *Definitions.*

For the purposes of this Directive, the following definitions shall apply:

(a) The term "P.A.Z.NIA Secret Space Program" refers to the sub-department of the P.A.Z.NIA Department of Freedom, the program tasked with the challenges laid out in Section 3 below.

(b) The term "P.A.Z.NIA Secret Space Program" refers to a P.A.Z.NIA department led by the Lead Astronaut, the Strategic Director of the Office of Calendar Management, and the Galactic Ambassador.

### **Section 3.** *Proposal and Purpose.*

As enacted, the P.A.Z.NIA Secret Space Program (a) would facilitate the construction of a HQ and acquisition of a 3D printer + associated tools, printer plastic, etc. This will permit the launch of a workshop/factory, and our prime goal of the 3D prototyping of wheelchairs for chickens with broken legs; if we have the tools to do it, it's our duty. No chicken left behind. Engineering assistance may need to be contracted.

(b) The training and initiation of Fellow Astronauts into the S.S.P, in accordance with existing P.A.Z.NIA code.

(c) The investigation into breakthrough/alternative energy devices harnessing the electrical nature of our universe, and the planning for the equitable distribution across the agora;

(d) Head of Bird Security, Naomi Defense LLC, is permitted 16 oz. of raw meat per space adventure.

**Section 4.** *P.A.Z.NIA Secret Space Program Budget.*

In accordance with the Department of Freedom's Accounting Office, the Secretary of NoState shall submit to the Strategic Director of the Office of Calendar Management for the P.A.Z.NIA Space Force to be included in the Coordinator's Fiscal Year 2021 Budget Request.

Signed,
